**SUBJECT:** *Revised Kern River Valley Community Response Plan*

Enclosed is your copy of the revised Kern River Valley Community Response Plan. This updated version was approved by the Kern County Operational Area Emergency Council on December 11, 2003. This is the 4<sup>th</sup> edition, and it supersedes all previous editions.

The Kern River Valley Community Response Plan is representative of the on-going commitment to emergency preparedness by County Departments, area agencies and other participants in the Kern River Valley.

Your copy of the Plan is the government version that contains numerous non-published telephone numbers as well as many unlisted home telephone numbers. **It is requested these numbers be regarded as confidential and not for public distribution.** You are asked to verify your agency's contact information and notify me of change via fax or e-mail at [connerc@co.kern.ca.us](mailto:connerc@co.kern.ca.us).

Please be informed the Kern County Fire Department is presently developing a Chapter of Local Resources that will include private and public resources. It is anticipated this will be completed prior to the 2004 Fire Season. After its completion, you will be given a revised Plan that will include this new Chapter.

Your continued involvement and support of emergency preparedness in Kern River Valley is appreciated.  
Thank you.
